

Safer Roads NSW

Changes to permanent speed limits

Transport
for NSW

10 April 2014

Northern

The changes below are anticipated to take effect in the following two weeks.

Speed limits are set for all roads in NSW in accordance with the NSW Speed Zoning Guidelines. The changes outlined in the table below have been recommended following the completion and approval of a speed zone review by authorised speed zone officers.

This is advanced notice of a proposed speed limit change, however no change will occur until the relevant speed limit signs are changed.

Please ensure that you always observe the posted speed limit signs on the road.

Road name	From	To	Local Government Area	Current speed limit km/h	New speed limit km/h	Reason for change
Ti Tree Avenue, Bogangar	50 metres south of Cassidy Street	50 metres north of Poinciana Avenue	Tweed	50	40 (School Zone)	This change introduces a school zone speed limit. School zone speed limits apply at prescribed times on government gazetted school days.
Lismore to Bangalow Road, Binna Burra	330 metres south west of Friday Hut Road	330 metres north east of Friday Hut Road	Byron	60	50	This change applies the 50km/h urban speed limit in accordance with NSW speed zoning guidelines. This change increases safety for road users.
