## Changes to permanent speed limits

Transport  
for NSW

17 July 2014

### Southern

The changes below are anticipated to take effect in the following two weeks.

Speed limits are set for all roads in NSW in accordance with the NSW Speed Zoning Guidelines. The changes outlined in the table below have been recommended following the completion and approval of a speed zone review by authorised speed zone officers.

This is advanced notice of a proposed speed limit change, however no change will occur until the relevant speed limit signs are changed.

**Please ensure that you always observe the posted speed limit signs on the road.**

Road name	From	To	Local Government Area	Current speed limit km/h	New speed limit km/h	Reason for change
Junction Street, Nowra	Kinghorne Street	O'Connell Lane	Shoalhaven	40	10 (Shared Zone)	This change introduces a Shared Zone speed limit. A Shared Zone is a road or network of roads where the road space is shared safely by vehicles and pedestrians. The maximum speed limit is always 10 km/h.
