

Safer Roads NSW

Changes to permanent speed limits

Transport
for NSW

3 July 2014

South West

The changes below are anticipated to take effect in the following two weeks.

Speed limits are set for all roads in NSW in accordance with the NSW Speed Zoning Guidelines. The changes outlined in the table below have been recommended following the completion and approval of a speed zone review by authorised speed zone officers.

This is advanced notice of a proposed speed limit change, however no change will occur until the relevant speed limit signs are changed.

Please ensure that you always observe the posted speed limit signs on the road.

Road name	From	To	Local Government Area	Current speed limit km/h	New speed limit km/h	Reason for change
Yass Valley Way, Yass	Hume Highway Off Ramp	50 metres west of Black Range Road	Yass Valley	100	80	This change reduces the speed limit at this location in response to local community concerns.
Yass Valley Way, Yass	500 metres west of Barton Highway Interchange Off Ramp (Northbound)	500 metres east of Barton Highway Interchange Off Ramp (Southbound)	Yass Valley	100	80	As above
Newell Highway, West Wyalong	130 metres south west of Showground Road	800 metres north of Bolts Lane	Narrandera	90	110	This change reflects upgrades to the road which permit a higher speed limit and improved travel times.
