

Safer Roads NSW

Changes to permanent speed limits

Transport
for NSW

30 January 2013

Western

The changes below are anticipated to take effect in the following two weeks.

Speed limits are set for all roads in NSW in accordance with the NSW Speed Zoning Guidelines. The changes outlined in the table below have been recommended following the completion and approval of a speed zone review by authorised speed zone officers.

This is advanced notice of a proposed speed limit change, however no change will occur until the relevant speed limit signs are changed.

Please ensure that you always observe the posted speed limit signs on the road.

Road name	From	To	Local Government Area	Current speed limit km/h	New speed limit km/h	Reason for change
Arthurville Road, Geurie	80 metres south of the intersection with Payne Street	2.82 kilometres north of the intersection with Terrabella Road	Wellington	100	80	This change reduces the speed limit at this location in response to local community concerns.
Comobella Road, Geurie	230 metres north east of intersection with Paxton Street	320 metres north east of intersection with Paxton Street	Wellington	100	50	As above
Old Dubbo Road, Geurie	Intersection with Mitchell Highway	260 metres south of Wellington Street	Wellington	100	60	As above
