

Trucks have 4 main blind spots

BE TRUCK AWARE

BE TRUCK AWARE

1

Pedestrians – Look out before crossing the road and don't get distracted by your mobile.

2

Bicycle rider – Don't pass on the inside of a truck and keep a safe distance.

3

Motorcyclists – Avoid lane filtering near trucks. Trucks have larger blind spots and may not be able to see you.

4

Motorists – Never overtake a turning truck. Trucks may take up more than one lane when turning or on roundabouts.

**Take extra care and
Be Truck Aware!**
