

Safer Roads NSW

Changes to permanent speed limits

Transport
for NSW

19 June 2014

Northern

The changes below are anticipated to take effect in the following two weeks.

Speed limits are set for all roads in NSW in accordance with the NSW Speed Zoning Guidelines. The changes outlined in the table below have been recommended following the completion and approval of a speed zone review by authorised speed zone officers.

This is advanced notice of a proposed speed limit change, however no change will occur until the relevant speed limit signs are changed.

Please ensure that you always observe the posted speed limit signs on the road.

Road name	From	To	Local Government Area	Current speed limit km/h	New speed limit km/h	Reason for change
Herons Creek Road, Herons Creek	Pacific Highway	240 metres east of Blackbutt Road	Port Macquarie - Hastings	60	50	This change applies the 50km/h urban speed limit in accordance with NSW speed zoning guidelines. This is an urban village with numerous driveways.
Ron Banks Road, Herons Creek	100 metres south of Bago Road	Herons Creek Road	Port Macquarie - Hastings	100	80	This speed limit change is required as a new service road has been constructed as part of the Herons Creek to Stills Road - Pacific Highway upgrade.
Waterfall Way, Thora	3.6 kilometres west of Horseshoe Road	200 metres west of Darkwood Road	Bellingen	100	80	This change reduces the speed limit at this location in response to local community concerns.
