

# Safer Roads NSW

## Changes to permanent speed limits

Transport  
for NSW

17 July 14

### Western

The changes below are anticipated to take effect in the following two weeks.

Speed limits are set for all roads in NSW in accordance with the NSW Speed Zoning Guidelines. The changes outlined in the table below have been recommended following the completion and approval of a speed zone review by authorised speed zone officers.

This is advanced notice of a proposed speed limit change, however no change will occur until the relevant speed limit signs are changed.

**Please ensure that you always observe the posted speed limit signs on the road.**

Road name	From	To	Local Government Area	Current speed limit km/h	New speed limit km/h	Reason for change
Clergate Road, Orange	Northern Distributor Road	50 metres north of Quartz Street	Orange	80	60	This change reduces the speed limit at this location in response to local community concerns.
Samuel Way, The Lagoon	Intersection with The Lagoon Road	The end of Samuel Way	Bathurst Regional	70	60	As above
George Thomas Close, The Lagoon	Intersection with Samuel Way	The end of George Thomas Close	Bathurst Regional	70	60	As above
